

Highways reports

Date	Report Number	Location	Details	Status/Outcome
10/03/2025	840805	Compton Road, South Cadbury	Blocked drain	Closed The problem that you reported has been inspected but we have decided that action is not needed at this time. This is because the problem is not a safety issue and not severe enough for us to fix it. We will continue to monitor the problem when we do our planned inspections and plan work in to fix the problem if the issue gets worse.

02/01/2025	695383	Compton Road, South Cadbury	Water leaking from manhole cover	Closed The problem that you reported has been inspected but we have decided that action is not needed at this time. This is because the problem is not a safety issue and not severe enough for us to fix it. We will continue to monitor the problem when we d
27/11/2024	826634	Compton Road, South Cadbury	Water leaking from manhole cover	Closed The problem that you reported has been inspected by our Highways Team. The problem has been assessed as not urgent but still needs attention. We plan to fix the problem as part of our planned maintenance and the works will be done at a later date.
19/08/2024	819130	Compton Road, South Cadbury	The manhole cover at the side of the road near the entrance to a field has collapsed and fallen into the manhole. Although someone has replaced the cover it remain unstable and unsafe posing a hazard to pedestrians	Complete Problem fixed

20/03/2024	805811	Compton Road, South Cadbury	Water is leaking from a manhole cover in Compton Road, South Cadbury near to Eiston Cottage. This has previously been reported to Wessex Water who confirmed the water has been tested as is not chlorinated so is not their responsibility. It is a hazard due to the black ice risk if it freezes	Closed The problem that you reported has been inspected but we have decided that action is not needed at this time. This is because the problem is not a safety issue and not severe enough for us to fix it. We will continue to monitor the problem when we do our planned inspections and plan work in to fix the problem if the issue gets worse.
20/03/2024	805809	Chapel Road, South Cadbury	Small but quite deep pothole on Church Road in South Cadbury near the defibrillator opposite the Camelot Pub	Complete Problem fixed

20/03/2024	805806	Church Road, South Cadbury	There are a number of storm drains on Church Road in South Cadbury that are completely blocked. As water cannot drain away it cascades down the road causing erosion. Please can someone inspect all of the drains in South Cadbury to identify the ones that need clearing. Thank you	Closed The problem that you reported has been inspected by our Highways Team. The problem has been assessed as not urgent but still needs attention. We plan to fix the problem as part of our planned maintenance and the works will be done at a later date.
20/03/2024	805804	Compton Road, South Cadbury	There are several blocked storm drains on Compton Road between The Cottage and Winton Bungalow. As the water cannot drain away flooding results during heavy rain. Please can all the storm drains in South Cadbury be inspected and cleared as appropriate	Closed The problem that you reported has been inspected by our Highways Team. The problem has been assessed as not urgent but still needs attention. We plan to fix the problem as part of our planned maintenance and the works will be done at a later date.
20/03/2024	805802	Compton Road, South Cadbury	Several deep potholes outside 18 Compton Road in South Cadbury	Complete Problem fixed

20/03/2024	805800	Compton Road, South Cadbury	There are several deep potholes opposite Crane Cottages on Compton Road	Closed The problem that you reported has been inspected but we have decided that action is not needed at this time. This is because the problem is not a safety issue and not severe enough for us to fix it. We will continue to monitor the problem when we do our planned inspections and plan work in to fix the problem if the issue gets worse.
20/03/2024	805798	Compton Road, South Cadbury	There are dangerous potholes along Compton Road	Complete Problem fixed
20/03/2024	805797	Compton Road, South Cadbury	There are a number of potholes on Compton Road in South Cadbury between Cobs Cottage and Winton Bungalow. Some are deep and hazardous to motorists or cyclists as not always visible when it has been raining. There is also exposed ironwork where the road has worn away. Please can someone inspect the road between these locations to identify the potholes in need of repair. Thank you	Complete Problem fixed

23/02/2024	802347	South Cadbury Road, South Cadbury	The storm drain is completely blocked by Castle Lane and water is unable to drain away. This can contribute to flooding during heavy rain	Closed The problem that you reported has been inspected by our Highways Team. The problem has been assessed as not urgent but still needs attention. We plan to fix the problem as part of our planned maintenance and the works will be done at a later date.
23/02/2024	802341	South Cadbury Road, South Cadbury	Small but deep pothole hazardous to cars and cyclists between the lane to Cadbury Castle and the car park	Complete Problem fixed
23/02/2024	802335	South Cadbury Road, South Cadbury	There is a large pothole half way between the Church and Crangs Lane on the castle side of the road.	Complete Problem fixed
23/02/2024	802330	South Cadbury Road, South Cadbury	There is a large pothole near to Crangs Lane on the same side of the road. Please can the stretch of road between Crangs Lane and the Church be inspected as there are a number of potholes that need repair	Complete Problem fixed
23/02/2024	802328	South Cadbury Road, South Cadbury	There is a large pothole by the gate entrance to a field near to Crangs Lane on the opposite side of the road. The stretch of road between Crangs Lane and the Church has a number of potholes and eroded verges from running surface water that need repair.	Complete Problem fixed

08/01/2024	696777	Folly Lane/Church Road, South Cadbury	The storm drain at the junction of Folly Lane and Church Road is completely blocked preventing surface water from draining. It is causing water to flood down the road which is likely to cause an accident if the temperature drops to below freezing as black ice will result	Complete Problem fixed
06/01/2024	696474	Sutton Montis Road, Sutton Montis	The side of the road between Queen Camel and Sutton Montis has eroded in large parts between Windsor Farm and Sutton Farm. The blocked storm drains do not allow surface water to drain which exacerbates the problem. The road is extensively used by HGV traffic which also causes the road surface to break down	Complete Problem fixed
